

Discovery Group Guide (Discovery Process)

Review

If you were here last time we met, how did your "I will" go? And who did you share with?

Relate

What is one thing you are thankful for? What is a challenge you are facing?
Do you know of a need in someone's life that this group can help with?

Read - Reread - Retell

Assign a passage and complete the 3 column study before the next meeting.
Slowly read passage out loud twice - preferably using different translations.
Close the Bibles and retell the passage as a group. Filling in any significant gaps.

What from this passage sticks out to you the most?

What does this passage say about God and people?

Respond

Take a moment to be quiet and listen to what the Lord is saying to you.

From what you heard, jot down a "I will" statement. (Specific, Measurable, Action-oriented, Realistic, Time-bound). What is one specific way you can do that in the next 48 hours?

Who will you share with this week about what the Lord is doing in your life?

Who could benefit from a group like this?

Remember

- 1) The passage is the only teacher and preacher.
- 2) No cross-referencing.
- 3) Stick with the plain meaning of the text.
- 4) Anyone can ask: "Where does it say what you are saying in this passage?"
- 5) Rotate leadership after the second session.
